

D7-G02X

Introduction:

With over 20 years' experience in gas stove, our stainless steel table gas stove is of good quality and low price. It is great for household use.

Features:

1. Unique internal combustion technology enables heat efficiency reaches 52%.
2. Stainless steel table gas stove is fully sealed, which is safe and with high efficiency.
3. Three circles fire for choice.
4. Whirl fire with powerful center fire and even heating.
5. Air gets in from every side, which ensures adequate combustion and higher heat thermal.
6. It adopts stainless steel and anti-oil material for the panel, which is easy to clean.

Rated input (KW): L: 3.4\R: 4.0

Specifications of stainless steel table stove:

Type	D7-G02X
Imported SABAF burner power kW	3.4 4.0
Imitated SABAF burner power kW	
Panel material	SUS410/0.35
Pot holder	Q235/ chrome plate /bright enamel
Voltage	
Fire failure protection	yes
Hole dimension	
Product dimension	710×380×147
Package size	760×420×143
Net weight	5
Gross weight	6.2
