

## KQC58B-82 Electric Oven

### Introduction:

Electric oven is an important kitchen appliance for baking and cooking. It is composed of four major parts, including inner pot, lid, outer housing and electronic circuits. It is preferred for the precise temperature control and even heat distribution. A wall oven for baking and cooking is installed at an elevated level, making it easier to add and remove trays. We welcome customers to visit our factory or homepage for more details about built in ovens!

### Features of Electric Oven

1. LED display.
2. Sensitive touch control.
3. Eight cooking functions.
4. Energy rating A.
5. It is easy to clean wall oven for baking and cooking.
7. Interior oven light.
8. Child lock function.
9. Forced cooling and exhaust system.
10. There are no additional costs except for the overall electric bill
11. All our electric ovens are with CE certificate.

### Specifications of Wall Oven for Baking and Cooking

Model		KQC58B-82
